OUR MOTTO

The best Training
At The cheapest Cost

OUR ETHICS

Honesty is the best Policy

OUR PRIORITY

Learning by doing is
Always more Fruitful

Founder's Fountain....

"All our dreams can come true,
If we have the courage to pursue them."
– Walt Disney.

ICE (Institute of Computer Education) is not just a training institute, rather it is a temple of every skill seeker growing keen desire to get success in life.

We believe that impossible itself says I-M-Possible. Then why should we wait for anything happens? We should grow up and meet every challenge to make them into a positive outcome.

We in our institute, have been made all our effort to provide **THE BEST TRAINING AT THE CHEAPEST COST.** This is our honest belief that all the economically backward students from the entire country also be benefited immensely.

(D. J. Tamuli)
Founder & CEO
ICE e-Skills

We are grateful to:

Mr. Anil Baruah
Creator of Easy Assamese DTP Software & Saarathi Assamese Dictionary App

Mr. Anil Baruah, is the first assamese software dictionary developer. He was falicitated with "Siksha Guru Debananda Saikia Memorial Young Scientist Award-2013" and "Maya Media Award-2017" in the field 'Extension of Assamese Language' (অসমীয়া ভাষাৰ প্ৰসাৰ).

He is also privileged as a Resource Person in Language Uses Development Workshop organised by Assam Higher Secondary Education Council in the year of 2019.

We are very much grateful to Mr. Boruah, helping us as one of our academic and technical advisor of ICE advising us an upgraded curriculum to the Job Oriented and Latest Technology Based Practical Training.

D. J. Tamuli
Chairman, ICE

We are grateful to:

Mr. Devojyoti Borah
Prominent ICT Writer

Mr. Devojyoti Bora, is a renowned writer on ICT related topics. He is famous for his various articles as "e-kotha" published in the weekly magazine "Basundhara" of the assamese daily - "The Dainik Janambhumi". He is also famous for his various handbook on Computer and ICT device operations. He has been delivering his best effort to popularise ICT for almost more than a decade. The best part of his work is mostly in vernecular medium in a unique and creative style of writing in connection with day to day life stories. He also served as a Faculty in Community College under Bahona College, Jorhat.

We are very much grateful to Mr. Bora, helping us as one of our academic advisor and also the organiser of the all new syllabous of ICE keeping relation to the latest Job-Tech demand.

D. J. Tamuli
Chairman, ICE

ICE's vision is to be a respected leader in providing quality, affordable and practice based training for life skill development. In view of this vision, it strives to fulfill the following institutional objectives:

Offer a dynamic, interactive educative environment that engages student in the learning process.
Provide construtive feedback to promote student's self-assessment and motivation.
Provide clear learning outcomes, to-the-point instruction and assessment for all courses to ensure course mastery and learner's success.
Use latest technology for effective learning.
Maximum (upto99%) practical training for fulfillment of the Learning by Doing concept.

ICE strives to make all Innovative, Creative and Enthusiastic builders of their future.

We work toward an integrated curriculum that reaches across discipline and age levels, the trainees are encouraged to meet challanges with confidence, openness, enthusiasm and willingness to solve problems.
We aim for an atmosphere of cooperation with respect for individual differences and community values.
We aim to create quality performer in his/her own field. In order to do this we focus on our curriculum based on practical and livelihood generating training.

ICE give values to it's all trainees and hence is accompanied with:

Real 1:1 Computer Facility with Individual attention.
3D Certificate verification system for authenticity.
Time to time Faculty Development Programme.
Student access to website for online SLM.
Real Time Student Management System.
Training on Latest & Updated Software .
Employment Oriented Syllabus.

QUALITY CONTROL

We believe in Proper Practical Training only which makes a man perfect. Therefore we ensure:

* Well Equiped Classroom
* Frequent Faculty Development Programme
* All time inverter Power Back-up
* Training on latest software and SLM
* Time to time QCO inspection to training centers.
* Central Online/Offline Evaluation System.
* Market demanding course syllabus.
* Individual (1:1) support when they learn by doing.

SUCCESS STORY

Success is determined through the demand of the product of any industry. Though we havn't ever guaranteed Job for anybody (nothing charged for it), but our training has the demand in the Market. As a result number of passed out trainees are working in Govt. or other Public Sector Units. You are also welcome to be a part of this success story. Take admission today and do proper practice with training and motivation towards this journey.

MOTIVATION FOR ENTREPRENEUR

We encourage our students with motivation for not bind him/her like a servant, rather make himself/herself an entrepreneur. In this way we help them to learn the difference between dreaming small and DREAMING BIG. The benefit of DREAM-BIG is always profitable. They are taught, understood and motivated to be a leader instead of a worker. In this way somebody become a success story maker with their own brands like: foodnest, vonika creations etc.

3D DIPLOMA/CERTIFICATE AUTHENTICITY

We ensure our diploma/certificates to be not pirated or issued by any unauthorised agency. A Three Dimensional Verification system is available:

99% PRACTICAL TRAINING

We believe in the line "Only Proper Practice Makes a Man Perfect". Therefore we always encourage proper learning by doing rather than parrot learning. A man with skill only can establish his quality in a practical field like computer application. We invite experts of various field to motivate the learners and to sharp their sword.

SOCIAL RESPONSIBILTY

We should always keep in mind the social responsibility as well as the social sustainibility. Therefore projects like sapling rooting, recognising people with social resoponsibility and to encourage them etc. are organised from time to time.

We also encourage women employability and acknowledge some role model women by introducing them in front of our trainees.

For knowledge sharing we organise competitions like Quiz, Extempore etc.

To Encourage creativity we organise creative writing competitins, drawing competition for children etc.

To support people on digital literacy we organise webiners, conferences etc.

FREE COURSE AND SCHOLARSHIP

We offer free course (1 per year per center) to one who is brilliant in academics but can't grow up with digital device like computer only because of money (After proper verification only).

Scholarship is also offered to those students who sit in the exam and score required mark. The scholarship varies upto 80% based on secured marks.

INSTITUTIONAL TIE-UP AND SPECIAL COURSES

We tie up with our nearby Educational Institute and also offer their recomended students courses on discounted cost. Moreover we extend our hand to those institutions in their various academic and co-scholastic programmes as well.

In this hand we also offer specially designed courses to teachers with need of digital literacy with the cheapest cost that can be.
